

# Edge Bar 3 et 6

Domino Sign Edge Bar is the solution for the lighting of double sided boxes with tensioned fabric or PMMA.

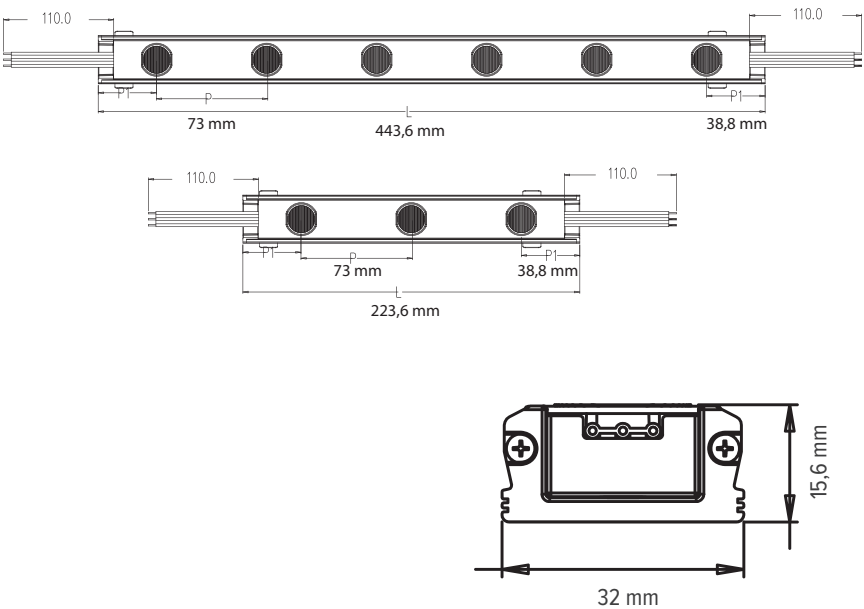

The intensity of the luminous flux and the narrow lighting angle offered by the diffusion lenses, allows a homogeneous and powerful lighting by positioning the Domino Sign Edge Bar at the periphery.

- Double-sided box from 9 to 25 cm deep
- Peripheral lighting
- Light brush angle
- 6° x 90°
- 4 year warranty
