

Resin Domino Sign Dryer

- ☒ Ergonomía del puesto de trabajo
Workstation ergonomics
- ☒ Aumento de la productividad
Increased productivity

El horno **Resin Domino Sign Dryer** proporciona una superficie de trabajo limpia a la altura correcta.

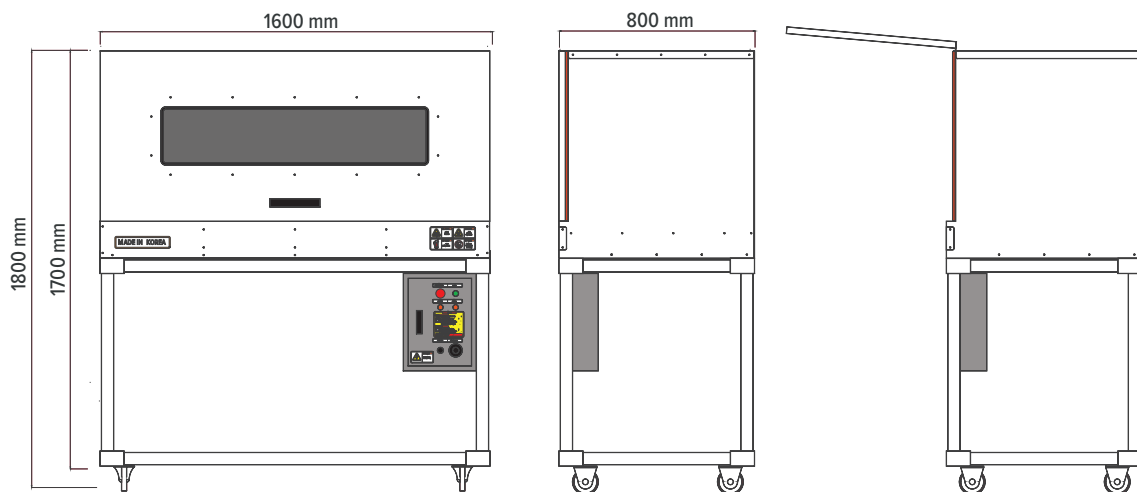

Por encima de todo, su objetivo es controlar perfectamente la temperatura y la humedad, que son esenciales para la producción de superficies de resina.

Equipado con un controlador automático, el horno **Resin Domino Sign Dryer** gestiona la temperatura y el tiempo de funcionamiento con un avisador acústico para respetar los diferentes ciclos del proceso.

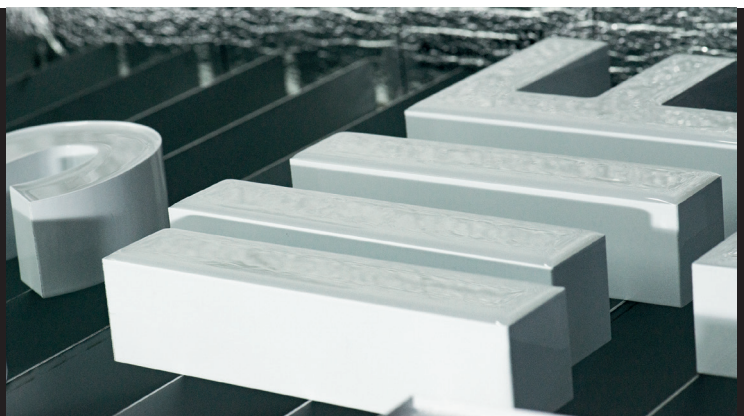

The **Resin Domino Sign Dryer** oven provides a neat and high work surface.

Its main purpose is to perfectly control the temperature and humidity, which are essential for the production of resin surfaces.

Equipped with an automatic controller, the **Resin Domino Sign Dryer** oven manages the temperature and operating time with an audible warning device in order to respect the different cycles of the process.
