

Flex RVB

Led

Domino Sign Flex RVB are used for the illumination of box letters and for the backlighting of very small letters.

Thanks to their flexibility, Domino Sign Flex follow the most complex shapes.

The Flex RGB version is horizontal which allows the lighting of very small Plexiglas letters with a minimum thickness of 15 mm.

- 120 LEDs per metre
- small letter illumination
- 120° angle
- Horizontal flex
- IP 67: waterproof silicone sheath
